Dear Zen and Wies,

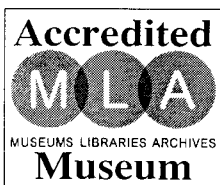

Tweedsmuir Museum at The Rural Life Centre.

I am writing, on behalf of the Management Committee, to express support for your project to construct a wooden building reminiscent of the original buildings on the Tweedsmuir site, to house the Tweedsmuir Collection. Members of the Management Committee, staff and volunteers here at the Rural Life Centre will be pleased to see it being used as a venue for Polish/British events celebrating the historical relationship between the two countries.

We would like to wish you every success with your project and look forward to welcoming you and the collection as an additional attraction at the Rural Life Centre,

Yours sincerely,

Chris Shephard
Museum Director.
